JOINT REPORT

In accordance with paragraph c. of the Presiding Officer's Order Prior to Prehearing Conference, FCC 93M-174 (released April 21, 1993), the parties to the above-captioned proceeding hereby submit this Joint Report.

1. A meeting attended by counsel for all parties to this proceeding (counsel for SALAD participated by conference telephone) was held on Friday, May 21. The parties agreed to the following schedule:

A. May 28, 1993. The parties shall file a stipulation which identifies all categories of documents under the standard comparative issue (except any documents relevant under TBF's claim of a renewal expectancy) which they have agreed will be produced.

B. June 7, 1993. All parties shall file any Requests

for Documents pursuant to section 1.325(a) of the Commission's Rules under: the standard comparative issue; TBF's claim for a renewal expectancy; and, the already designated qualifying issues.

C. June 11, 1993. All parties will meet to discuss the Requests for Documents submitted on June 7, and agree upon a schedule for filing objections to Requests for Production, the production of documents, and for filing notices of depositions under the standard comparative issue (including TBF's claim to a renewal expectancy) and already designated issues.

D. June 16, 1993. All parties will file a Report with your Honor outlining the schedule agreed upon by the parties for the filing of objections to the document requests and for the production of the documents upon which the parties have agreed. The parties envision the need for a further prehearing conference as soon as practicably possible after June 16.

E. June 25, 1993. Glendale and TBF will produce all documents within the categories of documents described in the Stipulation filed May 28.

2. During the meeting the parties discussed a schedule for depositions, concentrating on the months of September and October.

After some discussion, however, the parties agreed that the number and identity of the deponents, particularly with respect to the qualifying issues already designated and TBF's claim of a renewal expectancy, would be largely dependent on persons identified in documents exchanged pursuant to Requests for Documents. The parties therefore agreed to defer scheduling of depositions until the parties have had an opportunity to review the documents produced.

3. The parties agreed that it was premature to discuss stipulations, other than those reflecting the scope of document production, at this time.

4. Should Your Honor have any questions concerning the schedule set forth herein, the parties trust they can be answered at the scheduled prehearing conference on June 8.

Respectfully Submitted,
